Mail: [tbonvik@gmail.com](mailto:tbonvik@gmail.com)

Telephone: 0790175726

Born: 5. April 1995

---

**Thorbjørn** has a thorough understanding of computers from the logical ones and zeros in the circuits all the way to the psychological principles guiding the machine's user. He has been coding applications and robots since he was 12.

Usually he is calm, responsible and patient, but when inspired he codes as fast as he can think. He is a believer in Agile development methodologies, Open Source, and can code full stack. What drives him is to see the ideas become reality.

In his downtime he meditates, reads and creates music.

## Education:

23. July 2018 - 10. June 2020

Swinburne University of Technology in Melbourne, Australia

Master of Information Technology, Professional Computing.

Specialising in Software Development

- Capstone Project: Cross-platform Learning Management System in Flutter

19. August 2014 - 1. September 2017

Chalmers University of Technology in Gothenburg, Sweden.

Computer Engineering.

- Bachelor written about Digital Sound Processing.  
<https://publications.lib.chalmers.se/records/fulltext/251862/251862.pdf>

17. August 2011 - 22. June 2014

Ski VGS (High School) in Ski, Akershus, Norway.

General studies with sciences.

- Physics, chemistry, mathematics and IT.

## Work experience:

9. December 2018 - 14. June 2019

Aircon Service and Maintenance

All Seasons Electrical & Air Conditioning, Lower Templestowe, 3107 VIC, Australia

26. April 2017 - 1. June 2018

Surveillance admin.

Consult for Academic Work to Embriq/Rejlers, Gothenburg, Sweden.

- Surveillance of Servers and systems all over Scandinavia.
- I learned to evaluate risk, administrate work and use server monitoring software.
- Night Job.

0790175726

1. June 2017 - 31. May 2018

Deputy Information Officer.

Chalmers Student Union, Gothenburg, Sweden.

- A project based year, updating IT-solutions from early and mid 2000s into the cloud age.
- This job taught me to take an active role as I was the dedicated technology expert, while ensuring the Student Unions needs were met. I also learned to be flexible as many different skill sets were required of me.
- Some of these skills were cloud computing, enterprise development, network systems development and maintenance, all types of backend servers, network and server security, various scripting languages, usability evaluation, and systems and project documentation.

1 January 2015 - 31 December 2015

Treasurer, co-signer and bar staff

H6 at Chalmers University of Technology.

- Financially Responsible for a student-party organization running a nightclub, saunas, pubs and even a ski-trip to the alps.
- Closed the books with a net turnover of over 300 000 SEK.
- Worked tight with a small team of 8 people.
- Got a lot of experience with economics, sales, working with people, alcohol, working behind the bar and operating a business.

14. May 2015 - 4. June 2017

“Ask a student”, Chalmers University of Technology in Gothenburg, Sweden.

- Contact person on Chalmers’ Computer Sciences course webpage.

14. May 2015 - 31. May 2016

Datarekryt, Chalmers University of Technology in Gothenburg, Sweden.

Representative for Computer Engineering bachelor's programme.

- Participating in presentations of the schools study programmes.
- Held events like open houses and information dinners.

2010 - 2011

Canteen manager at Risil Ungdomsskole in Vestby, Akershus, Norway.

2008 - 2013

Drawing Assistant at Sted Helhet Arkitektur - Shark AS, in Oppegård, Norway.

- 3D-modelling of terrain, roads and existing buildings in the program Revit architecture.

## Volunteering:

June 2017 - April 2018

FuM representative Lindholmspartiet

1. April 2016 - 14. March 2018

Auditor for Lindholmens Pubforening PubF the years 2015/2016 and 2016/2017.

14 May 2016 Volunteer at Chalmers Wake-a-pond, a wakeboard-competition at Chalmers campus.

2015 - 2017 Representative for my class in the school "programråd". Met a couple times a year and discussed changes to the education.

9 May 2015 Volunteer Lindholmsfestivalen (a one day music festival) in Gothenburg, Sweden.

- Bartender and cashier.
- Demolition help.

Summer 2014 Volunteer Hovefestivalen (a weeklong music festival) in Arendal, Norway.

- Guard for the backstage areas.

2010 - 2012 Technical assistant for events in, and by, Vestby municipality.

- Building and demolition of concert scenes, rigging sound and lights.

**Other:** Fluent in Norwegian, Swedish and English. My IELTS score was 8.0 in 2018.

Passion for data and technology. I can code in many different languages including Java, Swift, VHDL, C, Assembler, C++, Javascript, Flutter, Bash, etc... At this point I'm confident I can develop quality applications in any object oriented language.

I am also well versed in Linux operating systems and participate in open source projects.

Another interest is music: I play the guitar, mix and produce, played many live shows with bands as a vocalist/guitarist and have also performed many concerts with solo tuba.

Focused on health and fitness. Have earlier competed in youth nationals (Norway) in life-saving and hold 4. Kyu in Shotokan Karate.

I hold a class B Norwegian drivers license.
